## Canalway Trail Celebration planned

Plans are being made for the sixth annual Canalway Trail Celebration, Saturday, June 6, to coincide with National Trails Day.

The annual event is designed to highlight the growing prominence of the Canalway Trail corridor as a world-class recreationway and tourist destination for visitors and residents, according to coordinator Parks & Trails New York. It's in partnership with the New York State Canal Corporation and the Canalway Trails Association New York, and with additional support from the Erie Canalway National Heritage Corridor.

Local groups that want to register an event can check: <http://www.ptny.org/canalway/celebration/index.shtml>

Last year more than 40 local events, ranging from family bike rides and boat tours to interpretive history walks, arts and crafts festivals and a "planting party," drew thousands of trail and canal enthusiasts to communities across the state.
