- 2 Green Lakes State Park 7900 Green Lakes Road (315) 637-6111

Riding the 'Enlarged Erie' towpath through Old Erie Canal State Historic Park

TRAIL & TRAVEL NOTES

**Old Erie Canal State Historic Park** — Old Erie Canal State Historic Park, managed by the NYS Office of Parks, Recreation and Historic Preservation, is a 36-mile linear park running from DeWitt to Rome. Water still flows through this old segment of the Erie Canal, making for tranquil canoeing and kayaking. The National Park Service designated the park a National Recreational Trail.

**Green Lakes State Park** — Green Lakes State Park is named for its two glacial lakes of an astounding aquamarine color. Both Green Lake and Round Lake (a National Natural Landmark) are deep-water meromictic lakes, meaning that there is no fall and spring mixing of surface and bottom waters. The lakes and surrounding uplands provide a variety of recreational opportunities, including an 18-hole golf course.

**Cycling Tips** — ⚠️ Take care crossing busy, six-lane Erie Boulevard (Route 5). In Old Erie Canal State Park be prepared to share the trail as horses (and snowmobiles in winter) are permitted.

Intact canal segments in Old Erie Canal State Historic Park make for great paddling
