

Parks and Trails Funding

2013 New York Regional Economic Development Council Awards

Compiled by Parks & Trails New York

Western NY					
County	Applicant	Project	Description	Agency	Award
Cattaraugus	Gowanda Area Redevelopment Corp	Gowanda Zoar Valley Gateway Park Phase 3	The Gowanda Area Redevelopment Corporation (GARC) plans to initiate park construction at the Peter Cooper Superfund Site. The result of the project, which will include parking lot construction, installation of asphalt walkway and perimeter cable fencing, and purchase and planting of landscape elements, will be a recreational park positioned on Cattaraugus Creek that will serve as the gateway to the Stateowned Zoar Valley Multiple Use Area and conservation site.	Parks PA	\$500,000
Chautauqua	City of Dunkirk	Dunkirk Seawall and Lake Front Boulevard	The City of Dunkirk will work to reconstruct the Lakefront Boulevard Seawall and redevelop Lakefront Boulevard. The existing road and seawall are important for recreational uses, the support of city water and sewer lines, and for access to the main entrance to the city's Waste Water Treatment Plant, but they have become severely deteriorated. Their reconstruction will allow increased lakefront recreational opportunities.	Parks PA	\$449,620
Chautauqua	City of Jamestown	Jamestown Parks Improvements at Panzarella Park, Scenic Vista and McCrea Point	The multi-phase Greater Jamestown Riverwalk Trail construction and continuation project is designed to create connectivity in the city with the development of new concrete sidewalk paths, branded signage trail markers, scenic vistas of the Chadakoin River with a picnic grove, playground equipment, and informational kiosks.	Parks PA	\$499,955
Chatauqua	Lake Effect Trailbreakers	Groomer Grant	The Lake Effect Trailbreakers Snowmobile Club of Chautauqua County will purchase a trail groomer to effectively maintain their snowmobile trail system.	Parks RTP	\$192,000
Erie	City of Tonawanda	Local Waterfront Revitalization Program Update and Implementation	Includes a handicapped-accessible fishing pier with a concrete walkway along the mouth of Ellicott Creek and the Erie Canal.	DOS	\$235,596

Chatauqua	Village of Celoron	Improvements to Lucille Ball Memorial Park	The Village of Celoron will update its zoning code to attract appropriate waterfront development and design public access and recreation improvements to Lucille Ball Memorial Park on Chatauqua Lake, including a new waterfront trail and kayak/canoe launch.	DOS LWRP	\$82,845
Chatauqua	Chatauqua Lake Snowmobile Club, Inc.	New Groomer Project	Chatauqua Lake Snowmobile Club is located in Chatauqua County, a county widely visited for snowmobiling with 400+ miles of state funded trails. With grant funds, the club will purchase a new groomer to help double the hours for available grooming and improve trail maintenance for smoother and safer trails.	Parks RTP	\$139,600
Erie	Town of Newstead	Newstead Recreational Trail Expansion Project	The Newstead Recreational Trails Expansion Project will add 7,500 feet of new accessible paved pathway to Newstead's popular recreational trails system. The proposed trail expansion will be constructed along a segment of the abandoned Canandaigua and Niagara Falls Railroad and will connect existing trails with the town park and expansive Akron Falls Park, allowing the region to enjoy a more comprehensive, cohesive system that unites area resources.	Parks RTP	\$200,000
Niagara	City of North Tonawanda	Erie Canal Bike Path Extension	Through the Erie Canal Bike Path Extension project, the City of North Tonawanda will design and construct a pedestrian/bicycle path along the historic Erie Canal in the City of North Tonawanda. The new path – which will connect Mayor's Park, a municipal waterfront park, with the terminus of the existing path at the intersection of Payne Avenue and Sweeney Street – will add approximately 1.1 miles of publicly accessible waterfront path and will give the city the opportunity to continue the path in future stages to other city amenities	Canals	\$144,707
Niagara	City of North Tonawanda	Gratwick Marina Redevelopment	The City of North Tonawanda will design and construct improvements to the central and southern marina basins at Gratwick Park Marina along the Niagara River. Improvements will include removal of dilapidated existing docks, repair of failing bulkhead, dredging, new docks and utilities, boardwalk, lighting, landscaping, paving, and signage.	DOS LWRP	\$208,125
			Western NY Region Total: \$2,652,448		

Finger Lakes

Genesee, Livingston, Monroe, Ontario, Orleans, Seneca, Wayne, Wyoming, Yates	Parks & Trails New York	Erie Canalway Trail Shuttle Pilot	PTNY will undertake a multi-faceted, targeted marketing campaign to attract national and international cyclists and adventure travelers to the 365- mile Erie Canalway Trail extending across 14 New York State counties.	ESD MNY	\$80,000
Livingston, Wyoming	Friends of Letchworth State Park	Park Improvements	The Friends of Letchworth State Park will repair and repoint two Civilian Conservation Corps (CCC)-built stone chimneys in the Park and install thematic signage to provide historic interpretation and directions to artifacts. The project is part of a larger on-going effort to preserve the CCC legacy and to increase public awareness and understanding of the great contributions the Corps made to New York State Parks.	Parks HPA	\$16,200
Monroe	City of Rochester	Promenade at Erie Harbor Construction	The City of Rochester will construct a public promenade along the Genesee River with a pedestrian ramp to connect to the Court Street Bridge, renovate the Johnson Seymour Mill Race and River Wall and install educational signage. The promenade will establish a connection to the larger Genesee Gateway Trail System.	DOS LWRP	\$1,200,000
Monroe	Town of Perinton	Town of Perinton Spring Lake Trail	The Town of Perinton proposes construction of a multi-use trail that will connect Spring Lake Park to the existing Irondequoit Creek Trail, which currently extends 6.2 miles from Irondequoit Creek through Channing Philbrick Park. The trail will be approximately 2,100 linear feet, will be usable by pedestrians, bicyclists, cross-country skiers and snow-shoers, and will include access areas for fishing.	Parks RTP	\$169,940

Ontario	Friends of Ganondagan Inc.	Seneca Art and Culture Center at Ganondagan	The Friends of Ganondagan will construct a Seneca Art and Culture Center at Ganondagan (SACCG), located within a short walk from the state historic site's reconstructed 17th-century Seneca Bark Longhouse. The \$17,000 center will make use of natural insulating properties and utilize a geothermal heating/cooling system. The finished product will be a tourism destination and visitors center and will provide space for exhibits, educational programs, lectures, performances, and events.	Parks PA	\$350,000
Ontario	Sonnenberg Gardens and Mansion SHP	Restoration Project	Sonnenberg Gardens and Mansion is embarking on a capital project for the adaptive reuse of the Peacock House, the sole remaining building of the mansion's previously extensive aviary complex, which was developed between 1902 and 1923 and housed over 200 different species of birds. The restoration project will include interior and exterior restoration and the renovation of ADA access points to develop a building appropriate for event-use.	Parks HPA	\$30,000
Orleans	Village of Holley	Holley Canal Park Improvement Project	The Village of Holley in Orleans County will use this funding in order to undertake the Holley Canal Park Improvement Project. Project activities include improvements to the existing gazebo, pavilions, and stone paths. New elements of the park will include new tree planting, installation of grills and picnic tables, fire pits, and the purchase of new equipment to maintain the park. These amenities will enhance the experience of the thousands of boaters and bicyclists who come to – and travel through – the Holley Canal Park each season and add to the tremendous economic impact the Canal system brings to the Village of Holley.	Canals	\$65,776
Wayne	Village of Macedon	Macedon Canal Park Enhancements	The Village of Macedon will design enhancements to the underutilized Macedon Canal Park including an ADA compliant fishing/boat access platform and kayak launch, comfort station, picnic pavilion improvements, wayfinding signage kiosks, walkways, and lighting.	DOS LWRP	\$21,225

Wyoming	Open Space Institute	Lechworth Nature Center	Letchworth State Park, a spectacular landscape of waterfalls, gorges, and forests along 17 miles of the Genesee River, is renowned as the "Grand Canyon of the East." Currently, there is no dedicated facility to host environmental programs for the 750,000+ visitors the park attracts annually. The Nature Center will provide a year-round, ADA-compliant facility to present exhibits, programs, and tools to stimulate deeper understanding and exploration of the park's unique resources.	Parks PA	\$288,000
Yates	Finger Lakes Land Trust	Shoreline to Summit Enhancing Public Access on Canandaigua Lake	The Finger Lakes Land Trust intends to develop recently acquired land, a cove beach with 390 feet of shoreline, into part of the proposed Canandaigua Lake Water Trail. Development of the new preserve will involve demolition of two small structures near the shore, work to clear invasive species, and creation of a hiking trail to open the property to the public. The new site will be a rarity on Canandaigua Lake, where most property is privately owned and heavily developed.	Parks PA	\$171,585
				Finger Lakes Region Total: \$2,392,726	
Southern Tier					
Steuben	City of Corning	Canfield Park Project	The restoration of Canifield Park, which dates back to the early 20th Century, will include grading and drainage improvements, restoration of the network of paths, installation of benches, and landscaping. While caring for the existing infrastructure and demonstrating environmental improvements, the project is expected to help revitalize the adjacent commercial and residential area by bringing residents and visitors to the park.	Parks PA	\$114,302
Tompkins	Taughannock Falls Park	Green Infrastructure Retrofit	GIGP funds will support the installation of pervious pavement as part of a complete renovation of the Taughannock Falls State Park overlook, one of the most visited locations in the region. The project will incorporate green infrastructure in a prominent setting that showcases an important scenic geologic resource, the 215-foot-high Taughannock Falls, of one of the highest waterfalls in the Northeast.	EFC GIGP	\$320,000
				Southern Tier Region Total: \$434,302	

Central NY					
Cayuga	Cayuga County	Emerson Park Improvements	Cayuga County will design and build improvements to Emerson Park on Owasco Lake in the City of Auburn, including renovation of the boat launch, docking facilities, a seawall supporting a boat tie-up area, roads, and the existing lakeshore boardwalk.	DOS LWRP	\$102,876
Cortland	City of Cortland	Wickwire Pool	The City of Cortland is home to Wickwire Pool, located in Suggett Park. The pool celebrated its 65th anniversary two years ago in very poor condition, which threatens the city's ability to keep it open. The pool will be refurbished, more energy efficient, accessible, and remain an important community asset, enabling people of all ages and abilities an enjoyable and safe place to swim.	Parks PA	\$500,000
Livingston, Steuben, Cattaraugus, Wyoming, Madison	Finger Lakes Trail Conference	Finger Lakes Trail and NYS Parks Marketing Project	This is a partnership between NYS parks and the Finger Lakes Trail Conference to cross promote and market NYS's longest footpath and the state parks along or adjacent to the 958 miles of the trail system.	ESD MNY	\$82,710
Madison	Village of Cazenovia	Lakeland Park Planning and Development	A vision and master plan will be developed for Lakeland Park and the historic Carpenter's Barn to address opportunities for greater connectivity. The plan, created with input from the community, will include suggestions for rehabilitation to enhance public use of the barn, ways to improve pedestrian circulation and access to recreation areas, including kayak and canoe launching, and the creation of a tree planting plan.	Parks PA	\$22,000
Onondaga	Onondaga Historical Association	Ska nonh Planning	The Onondaga Historical Association's Ska nonh Planning Project will repurpose an under-utilized facility and grounds in Liverpool, NY into a Haudenosaunee (Iroquois) heritage museum and recreational trails. It will provide opportunities for Native American artists, crafters, performers, and entrepreneurs to have access to a broader audience and customers.	Arts CHPG	\$50,000

Onondaga	Town of DeWitt	Willis Carrier Recreation Center	In 2010, Carrier Corporation donated the Willis Carrier Recreation Center to the Town of DeWitt with an agreement that the park forever remain a public recreational facility. The goal of this project is to build a one-of-a-kind, all-inclusive outdoor multi-sports complex to be enjoyed by all residents and visitors of Central New York.	ESD MNY	\$247,500
Oswego	Kasoag Trailblazers, Inc.	2013 Groomer Grant	Kasoag Trailblazers, Inc., a non-profit, all volunteer member snowmobile club in northeastern Oswego County, grooms and maintains approximately 48 miles of New York State snowmobile trail. The club will use grant funding to purchase a new groomer, allowing them to provide safe snowmobile trails for over 310 club members and the estimated 40,000 sleds per week that visit the area.	Parks RTP	\$127,200
Oswego	Village of Lacona	Lacona Park Project	Grant funds will be used towards the acquisition of a privately-owned property for public parkland, site work to prepare the parcel, and installation of picnic accommodations and park equipment for children of all abilities. The project will greatly enhance the recreational opportunities available to residents in the Village of Lacona and provide a safe place for children to socialize, exercise and interact with their peers.	Parks PA	\$48,979
			Central NY Region Total:		\$1,181,265
Mohawk Valley					
Fulton	Shelter Planning Development	Town of Broadalbin Park Development	A detailed site plan has been prepared for the development of a park in the Town of Broadalbin, which currently does not have any parks or recreation facilities. The 29-acre site will be developed to provide a wide range of recreational facilities including baseball, softball and soccer fields, and a basketball court. Other facilities will include a pavilion and playground area, access roads and parking.	Parks PA	\$500,000

Herkimer	Town of German Flatts	Fort Herkimer Church German Flatts Town Park Development Project	The Town of German Flatt's Town Park project includes the development of an ADA-accessible trail that connects to the Canalway Trail, a community center to enhance canalway infrastructure and to support park programming, a parking area with lighting, a renovated historic 1840's schoolhouse for use as a visitor's center, avian habitat, an ADA-accessible dock and canoe/kayak launch facility, overlooks, seating, interpretive signage and gardens.	Parks PA	\$171,792
Otsego	Exeter Trailblazers, Inc.	Snowmobile Groomer Equipment Purchase	The Exeter Trailblazers, Inc. Snowmobile Club, located in the Town of Exeter in Otsego County, plans to purchase a Class A Tracked Groomer and a Multi-Blade Planer Grooming Drag to maintain trails and improve safety for increased travel with adjoining trail systems.	Parks RTP	\$200,000
			Mohawk Valley Region Total:		\$871,792
North Country					
Clinton	Town of Peru	Connecting Town Parks	To improve the accessibility to historic Heyworth/Mason Park and Sullivan Sports Park, the hamlet of Peru proposes the construction of a 1.5-mile, paved, non-motorized trail. The trail's completion will also link residential, commercial and natural areas and provide safe, off-road recreational opportunities for all ages and abilities in the community.	Parks RTP	\$200,000
Clinton	Town of Peru	Trail Connecting Heyworth/Mason Park to Sullivan Park	To improve the accessibility to historic Heyworth/Mason Park and Sullivan Sports Park, the hamlet of Peru proposes the construction of a 1.5-mile, paved, non-motorized trail. The trail's completion will also link residential, commercial and natural areas and provide safe, off-road recreational opportunities for all ages and abilities in the community.	Parks PA	\$58,000
Clinton	Town of Plattsburgh	Lake Champlain/Saranac River Waterfront Plan	The Town of Plattsburgh will prepare the Lake Champlain/Saranac River Waterfront Plan to explore hamlet redevelopment strategies, improve waterfront access and connect the hamlets to Lake Champlain through a greenway trail system. Additionally, conceptual designs will be developed for improvements to connect the hamlets to the Saranac River and Lake Champlain waterfronts.	DOS LWRP	\$25,000

Essex	Town of Jay	Grove Rd Park Improvement Project	Jay Park was completely destroyed by Hurricane Irene. This project will rebuild the park with the purpose of resuming organized recreational activities with a new softball field, soccer field and baseball field.	Parks PA	\$54,460
Essex	Town of Ticonderoga	Stream Daylighting	The Town of Ticonderoga will use GIGP funds to incorporate stream daylighting, bioretention, and a constructed wetland adjacent to Bicentennial Park. This project will help reduce combined sewer overflows by directing stormwater into more natural drainage features and out of the combined sewer system.	EFC GIGP	\$539,103
Hamilton	D.R.A.G. of Speculator, Inc.	DRAG Trail Groomer Purchase	Dedicated Residents to Area Grooming (DRAG) of Speculator, NY will purchase a reconditioned Class A snow grooming machine and drag, and replace a set of tracks on one of the club's existing grooming machines, to assist with maintaining an increased number of safe and enjoyable snowmobile trails over the winter season.	Parks RTP	\$80,000
Hamilton	Pleasant Rider Snowmobilers	Groomer Grant	Pleasant Rider Snowmobilers, Inc. plans to purchase a new Class II groomer to provide the necessary trail maintenance for Class II trails.	Parks RTP	\$56,600
Hamilton, Herkimer	Central Adirondack Partnership for the 21st Century	Purchase of Trail Grooming Maintenance Equipment	The Inlet Barnstormers Snowmobile Club maintains 40 miles of trails and has assumed primary trail maintenance responsibilities for the new 13-mile 7th Lake Mountain Trail in the Adirondack Park. Grant funds will be used to purchase and replace essential trail maintenance equipment.	Parks RTP	\$59,000
Jefferson, Oswego	Winona Forest Recreation Association, Inc.	Equipment Purchase	Winona Forest Recreation Association (WFRA) is a four season multiuser group association that maintains recreational trails and is dedicated to providing safe, quality trails and promoting healthy recreational activities for the community and tourists. WFRA will replace an existing groomer and drag with new wider ones to allow non-motorized and motorized winter, woodland trails in the Winona State Forest to be groomed with one pass.	Parks RTP	\$143,560
Lewis	Turin Ridge Riders, Inc	Groomer Grant	Turin Ridge Riders, Inc. Snowmobile Club will use grant funds to purchase a new tractor for trail grooming and maintenance.	Parks RTP	\$159,840

Lewis	Valley of Snow Travelers of Lewis County, Inc.	Valley's Trail Groomer Purchase 2013	The Valley Snow Travelers of Lewis County, Inc. currently use a leased groomer and three outdated drags to maintain snowmobile trails in the Lewis County portion of the Tug Hill region. With grant funds, the club will purchase a new groomer and drag for use for improved trail maintenance on their high snowmobile traffic area.	Parks RTP	\$151,600
St. Lawrence	The Chazen Companies	Fort La Presentation Interpretive Trail	Fort La Presentation Association plans to revitalize the City of Ogdensburg's historic Lighthouse Point by developing a waterfront park and trail system to be used for events, historic reenactments, and recreation. The project will include design and construction of a trail network, a visitor and educational meeting space, interpretive signage, site restoration work, landscaping, development of a porous surface parking area, and links to the City of Ogdensburg's Maple City Trail system.	Parks PA	\$352,650
St. Lawrence	Town of Canton	Grasse River Corridor Blueway Trail Planning and Implementation	The Town of Canton will partner with Towns along the Grasse River to develop a Blueway Trail Plan, promote the river corridor, create a boat launch in the Hamlet of Pyrites, and develop a land-based trail master plan.	DOS LWRP	\$85,000
St. Lawrence	Town of Fine	Clifton-Fine Tourism and Recreation Development	The Towns of Clifton and Fine will advance projects identified in their 2007 Revitalization Strategy including planning to mitigate risks of invasive species in local waterways, a regional recreational tourism marketing plan and a wilderness recreation branding strategy. The Towns will also continue development of waterfront access sites, develop a master trail guide for the Clifton Fine area, and update the local waterfront revitalization strategy to identify new tourism infrastructure and wilderness recreation projects that promote sustainable economic development in the Adirondack Park.	DOS LWRP	\$67,500
Lawrence, Jeffe	City of Ogdensburg	Oswegatchie River Blueway Trail	The City of Ogdensburg, in partnership with the Towns of Oswegatchie, Canton, Dekalb and Fine, the Villages of Heuvelton, Rensselaer Falls and Gouverneur and St. Lawrence County, will prepare the Oswegatchie River Blueway Trail Development Plan. The Plan will provide an strategy to develop and promote this resource as a regional asset for tourism, recreation and community development.	DOS LWRP	\$25,000
Lawrence, Jeffe	City of Ogdensburg	Oswegatchie River Blueway Trail	Planning grant to create Blueway Trail along the 112 mile waterway.	ESD SPFS	\$25,000
North Country Region Total:					\$2,082,313

Capital Region					
Albany	Albany County	Albany County Rail Trail	This project will construct 5.5 miles of a proposed 9.3 mile shared -use path along a former rail bed. The funding will assist in the final design and construction of the path. The expected outcomes are improved mobility and economic opportunity for nondrivers, a better option for commuting by walking or bicycling, reduced emissions and vehicle miles travelled, improved economic activity along the trail corridor, and improved health for trail users.	YSERDA CGC	\$1,003,478
Washington, Saratoga	Lakes to Locks Passage Inc	Lakes to Locks Passage Geo Marketing	The Lakes to Locks Passage Geotourism Marketing Initiative market the areas along the interconnected waterway from Albany to Rouses Point to national and international audiences, promoting authentic experiences and sustainable tourism.	ESD MNY	\$100,000
Columbia	Harlem Valley Rail Trail Association Inc.	Harlem Valley Rail Trail Constuction from Copake to Hillsdale	The Harlem Valley Rail Trail Association is seeking funding for the construction of 1.54 miles of Rail Trail in southeastern Columbia County, from Black Grocery Road in Copake to Anthony Street in Hillsdale. Construction of this section of the trail will link with the Town of Hillsdale to the Roeliff Jansen State Park and Roeliff Jansen Community Library. It will bring the quiet Hamlet of Hillsdale within the Harlem Valley Rail Trail's sphere of economic vitality.	Parks PA	\$375,584
Columbia	The Olana Partnership	Design and plans for restoration of the Main Barn complex at Olana State Historic Site	The Olana Partnership (TOP) will create design documents for the stabilization and restoration of the 19th Century Main Barn complex at Olana, the home, studio, farm, and landscape designed by Hudson River School artist Frederic Edwin Church, with the eventual goal of restoring the entire barn structure so that it can be opened to the public. When completed, the restoration of the barn will enable TOP to expand program offerings and increase visitors.	Parks HPA	\$195,000
Rensselaer	Pantera Development	Dockside Loft	Mixed use Downtown Troy project includes renovation of 35-unit bldg., construct modern walkway on Hudson, rehab parking and infrastructure.	ESD Grants	\$1,000,000

Greene	Town of Prattsville	Community Recovery Components: Design and Construction	The Town of Prattsville will advance a multi-component project identified in the Town's Community Reconstruction plan to restore and revitalize the Route 23 (Main Street) streetscape which was devastated by the flooding from Hurricane Irene, including Phase II of the streetscape enhancement project; feasibility analysis and preliminary design for a new community center; and design and construction of a new waterfront trail.	DOS LWRP	\$807,000
Saratoga	Town of Halfmoon	Erie Canal Towpath Community Connector Construction	The Town of Halfmoon will construct a multi-use trail along the the historic Erie Canal Towpath on the north shore of the Mohawk River. The trail will encompass approximately 0.75 miles from Clamsteam Road, under the I-87 Twin Bridges and west to the town line.	DOS LWRP	\$200,000
Saratoga	Town of Stillwater	Riverside Trail Community Linkage Project	The Riverside Trail Community Linkage Project focuses on implementing critical portions of the trail system that will connect southern Stillwater neighborhoods of Riverside, Stillwater Junction, and East Saratoga Junction to the area's resources, destinations and the greater regional trail network. This includes the Stillwater Town and Village Halls, Island Park, the future site of Mullah Hill Park, the Zim Smith Trail and the City of Mechanicville's business district.	Canals	\$150,000
Saratoga	Town of Stillwater	Riverside Trail Community Linkage Project	The Town of Stillwater has embarked on a comprehensive effort to expand trail linkage throughout the community, from the Historic Saratoga Battlefield site to the waterfront and City of Mechanicville. The 2013 Riverside Trail Community Linkage Project focuses on implementing critical portions of the trail system that will connect southern Stillwater neighborhoods to the area's resources, destinations and the greater regional trail network.	Parks RTP	\$200,000
Schenectady	Frontier Sno Riders, Inc	Frontier Sno Riders Trail Grooming Equipment Purchase	Frontier Sno Riders, Inc. will use grant funds to purchase grooming equipment for snowmobile trail maintenance. The new and larger equipment will allow the club to efficiently maintain high traffic trails and improve trail safety.	Parks RTP	\$59,200

Saratoga, Fra	Adirondack Association of Towns and Villages	The Adirondack Park Recreation Web Portal Project	This proposal concerns Phase II of the Adirondack Park Recreation Web Portal Project. Phase I is currently underway and involves creation of a comprehensive web portal, database, and app for tourism and recreation-related amenities and activities within the Adirondack Park. Phase II will significantly enhance the user experience and will additionally look to employ a strategic marketing campaign to raise awareness to the end consumer and promote tourism through use of the website and app.	ESD MNY	\$82,500
Warren	Village of Lake George	Environmental Park Signage and Water Feature	The Village of Lake George will design and construct an interactive water feature and gateway signage at the Charles R. Wood Lake George Environmental Park.	DOS LWRP	\$200,000
Warren	Town of Bolton	Rogers Memorial Park Improvements	The Town of Bolton will design and construct improvements to Rogers Memorial Park including a visitor/heritage center, an entry plaza, pedestrian connector, lake overlook, lower walkway, hillside erosion repair, water distribution system, rehabilitation of the north public dock, and stormwater management planning.	DOS LWRP	\$350,000
Warren, Saratog	Warren County	First Wilderness Heritage Corridor Plan Implementation Projects	Warren County working with the Towns of Hadley, Lake Luzerne and Stony Creek and the Sacandaga-Hudson Advisory County will advance four projects to implement the intermunicipal First Wilderness Heritage Corridor Plan. Projects include construction of the first phase of a whitewater park on the Sacandaga River, upgrading of parking and restroom facilities at the Dean Farm Recreation Area, design of hamlet revitalization components in Stony Creek, and expansion and upgrading of teaching facilities at the Adirondack Folkschool.	DOS LWRP	\$553,500
			Capital Region Total:		\$5,276,262

Mid-Hudson

Orange	The Scenic Hudson Land Trust Inc.	Scenic Hudson Mine Dock Park	Acquisition of the former Fort Montgomery Marina property is creating the opportunity for public access to the Hudson River in the Town of Highlands for the first time since the late 1800s. With over 1,000 feet of frontage along the Hudson River, this mostly vacant and readily accessible property has the potential to be a tremendous asset for residents upon repurposing as a public park. Grant funds will support the Friends of Scenic Hudson Mine Dock Park's plans for park development.	Parks PA	\$374,414
Rockland	Town of Clarkstown	Wetland Restoration Project	In the Hamlet of West Nyack, the Town of Clarkstown wetland restoration project will use GIGP funds to naturalize previously channelized streams, reconnect their flow to the adjacent regulated wetlands, and create new wetlands on the site. The project will feature educational kiosks and a small educational trail to promote better understanding of the importance of wetlands in mitigating flooding and improving water quality.	EFC GIGP	\$1,000,000
Ulster	City of Kingston	Complete Streets Corridor in Kingston	This project will establish a trail on an historic rail bed and construct multi-modal infrastructure designed to provide safe, universally-accessible alternatives for moving about by bicycle, on foot, and other non-motorized means, while smoothing the flow of motorized vehicles in Kingston, NY. This project is intended to enhance livability, contribute to environmentally sustainable economic development, and reduce greenhouse gas emissions associated with vehicle-miles traveled.	YSERDA CGC	\$1,500,000
Ulster	City of Kingston	Design and Construction of Kingston Point Rail Trail	The City of Kingston will design multi-modal connections along its Hudson River and Rondout waterfronts to the core of Kingston in Midtown. The project will provide safe alternatives for non-motorized transportation to create a more livable vibrant community through complete streets strategies and establishment of trail systems.	DOS LWRP	\$73,650
Ulster	City of Kingston	Kingston Connectivity Project	The Kingston Connectivity Project will create a more livable, vibrant community with the implementation of a rail trail network that will be designed and constructed to provide safe, universally accessible alternatives for bicyclists, pedestrians and other non-motorized means. The project will reduce fossil fuel emissions, encourage physical activity, and reduce traffic congestion.	Parks HASA	\$500,000

Ulster	City of Kingston	Kingston Connectivity Project	The Kingston Connectivity Project will create a more livable, vibrant community with the implementation of a rail trail network that will be designed and constructed to provide safe, universally accessible alternatives for bicyclists, pedestrians and other non-motorized means. The project will reduce fossil fuel emissions, encourage physical activity, and reduce traffic congestion.	Parks RTP	\$200,000
Ulster	Mohonk Preserve Inc	Foothills Trailhead	The Testimonial Gateway Trailhead Project is part of a multi-year initiative to protect ecologically important lands and enhance public recreational use of the Mohonk Preserve. The planning and design of a new trailhead will help the Preserve improve visitor safety by mitigating current dangerous traffic and parking patterns. The project will also improve connectivity between the Preserve and the Walkkill Valley Rail Trail, facilitating pedestrian access to three local business districts.	Parks PA	\$42,000
Ulster	Open Space Institute	Walkkill Valley Rail Trail Improvements	This project will improve and redevelop the Walkkill Valley Rail Trail between the northern border of New Paltz and the southern border of the City of Kingston. The proposed work includes regrading, ditching and reshaling the surface; widening the shoulders of the rail trail; bridge repairs; road crossings; signage and kiosks; and parking area improvements. In addition, it seeks to improve access to nature preserves and parks adjacent to the rail trail.	Parks RTP	\$200,000
Ulster	Town of New Paltz	New Paltz Walkkill River Rail Trail Program	The Town of New Paltz will improve a section of the Walkkill Valley Rail Trail within the Town. The project includes upgrading trailheads with information kiosks with maps, covered bicycle racks, uniform signage and mileage markers, and comfort stations with composting toilets. In addition, the project will repair the rail trail bridge over the Walkkill River.	Parks RTP	\$23,000
Westchester	Friends of Franklin Delano Roosevelt and Donald J. Trump State Parks	Connecting FDR State Park to Yorktown	To increase recreational opportunities at Franklin D. Roosevelt State Park in Westchester County, volunteers will rehabilitate and construct a trail in the southeastern portion of the park. The project includes building two bridges, constructing a section of trail, installing 135 feet of boardwalk, and repairing damaged areas. The trail will connect the park to Yorktown's Business District.	Parks RTP	\$11,386

Westchester	Groundwork Hudson Valley	Adriaens Wat The Downtown Yonkers Trail	Groundwork Hudson Valley will undertake a feasibility study for the design and construction of a 2-mile rail-trail that stretches from the Downtown Yonkers Waterfront to the 242nd Street subway station in Riverdale, NYC. The creation of this multi-use path is expected to revitalize several distressed neighborhoods in the lower Hudson Valley, help renew downtown Yonkers, and connect workers to transit hubs in Getty Square and NYC.	Parks PA	\$160,244
Westchester	Village of Hastings-on-Hudson	Quarry Park and Trail Project	Quarry Park, adjacent to Old Croton Aqueduct State Historic Park, is a 5.5-acre site that was Hasting-on-Hudson's first industry, a marble quarry, beginning in 1828. The final design of Quarry Park proposes a natural park setting with walking paths, shaded seating areas, an open-air venue, and interpretive signage, and the completion of Quarry Trail will provide the final link in the local trail system.	Parks PA	\$94,250
Westchester	Village of Hastings-on-Hudson	Quarry Park and Trail Project	Quarry Park, adjacent to Old Croton Aqueduct State Historic Park, is a 5.5-acre site that was Hasting-on-Hudson's first industry, a marble quarry, beginning in 1828. The final design of Quarry Park proposes a natural park setting with walking paths, shaded seating areas, an open-air venue, and interpretive signage, and the completion of Quarry Trail will provide the final link in the local trail system.	Parks RTP	\$61,750
Westchester	Village of Sleepy Hollow	Rev Sykes Park Improvements	Reverend John Sykes Park, located in the inner village of Sleepy Hollow, seeks funding for the design and construction of a comfort station. The design will focus on creating an ADA-compliant facility with a small footprint so as to take as little space away from the recreation area as possible.	Parks PA	\$157,500
Westchester	Village of Tarrytown	Tarrytown Pedestrian Tunnel Accessway Project	The Village of Tarrytown will prepare a feasibility study to identify options to restore and reopen the pedestrian pathway under the Metro North railroad tracks. This pathway will provide a link to the waterfront and increase public access to the Hudson River.	DOS LWRP	\$37,500
Westchester	Village of Ossining	Design and Construction of Village Dock Extension	The Village of Ossining will design an extension of an existing public dock along the Hudson River. The dock's extension will add recreational opportunities along the waterfront and promote tourism in the region.	DOS LWRP	\$21,500
Mid-Hudson Region Total:					\$4,457,194

New York City					
Kings and Queens New York City	New York City	Jamaica Bay Habitat Restoration and Waterfront Revitalization	The NYC Department of Parks & Recreation, working with the NYC Department of Environmental Protection, will expand restoration of vital and resilient coastal ecosystems in Jamaica Bay and plan for public access and utilization of the waterfront at Sunset Cove in Broad Channel.	DOS LWRP	\$395,997
New York, King, Richmond	New York City	Catalyst Revitalizing Waterfront Parks Phase IV	The NYC Department of Parks & Recreation, in partnership with the City Parks Foundation, will continue the Catalyst Reclaiming Our Waterfront Parks program, a collaborative Partnership For Parks public/private initiative between the two agencies. Catalyst is designed to plan and implement revitalization of underserved neighborhoods' underutilized waterfront parks. Unique programs are developed at such targeted park communities, generating public consensus for the future of their waterfront neighborhood through community visioning that identifies issues, needs and opportunities, identification and mentoring of community leaders and preparation of a plan to implement community and waterfront revitalization. This round of Catalyst will continue work in Kaiser and Calvert Vaux Parks on either side of Coney Island Creek in South Brooklyn, and launch the Catalyst Program at Faber Pool and Park in the Port Richmond area of Staten Island, and East Harlem waterfront parks along the East River from East 96th Street to East 132nd Street.	DOS LWRP	\$350,000
Richmond	New York City Department of Parks and Recreation	Greenbelt Trail Sustainability Initiative	The Greenbelt Trail Sustainability Initiative will address erosion, poor drainage, and flooding on the Greenbelt's trails, will enhance passage through the trail corridor with the removal of invasive plants and weeds, and will include installation of a culvert piping system, causeways, turnpikes, and foot bridges. The project will result in a safer, more enjoyable experience for hikers, walkers, and outdoor enthusiasts.	Parks RTP	\$192,000
NYC Region Total:					\$937,997

Long Island

Nassau	Nassau County	Long Island Park & Preserve Access Improvement Project	Nassau County proposes to initiate planning and design and begin the first phase of construction for a cost-effective, interconnected set of pathways for residents and tourists to walk, bike and ride from the LI Sound to the Great South Bay and Jones Beach, thus solving the limited options for north-south transportation on Long Island and developing the currently underutilized network of existing bike paths into safe transit corridors.	Parks RTP	\$200,000
Nassau	Planting Fields Arboretum	Green Infrastructure Retrofit	GIGP funds will support the redevelopment of the main parking area at Planting Fields Arboretum and State Historic Site using green infrastructure. The parking area provides an ideal opportunity to showcase bioretention and pervious pavement and at the same time improve the connectivity of the park. The project will also include constructed wetlands and a series of biofilters.	EFC GIGP	\$800,000
Nassau	Planting Fields Foundation	Camellia House Restoration	Planting Fields State Historic Park's Camellia House, constructed in 1917 and still in use today, houses plants that are over 100 years old and has the largest collection of Camellias under glass in the Northeast. This historic preservation project will restore and rehabilitate the extensive deterioration in the building's brick masonry and its cast iron, steel and wood construction.	Parks HPA	\$250,000
Nassau	Inc Village of Freeport	Waterfront Park Bulkhead Replacement	The Village of Freeport proposes to replace 1,065 linear feet of bulkheading at Waterfront Park. The chromate copper arsenate (CCA) treated timber bulkhead along the waterfront is degrading, allowing soil erosion, and is causing unsafe conditions that require the restriction of public access and recreational fishing at the waterfront section of the park. The replacement of the bulkheading will ensure the Village's recreational assets can be utilized to their maximum potential.	Parks PA	\$250,000
Suffolk	Breslin Realty	The Meadows at Yaphank	The Meadows at Yaphank is a mixed-use development comprised of residential, retail, office, hospitality, parks, and open space in a Traditional Neighborhood Design.	ESD Grants	\$1,500,000
Suffolk	Town of Babylon	Wyandanch Rising	The Town of Babylon will install an Ice Rink within the Intermodal Plaza adjacent to the train station within the Opportunity Agenda Area. The project also involves the construction of two pedestrian bridges at nearby Geiger Park.	ESD Grants	\$1,000,000

Suffolk	Town of Southampton	Planning for Good Ground Park	The proposed project will produce construction plans and bid documents for the development of Good Ground Park, a 36.2-acre town-owned parcel in the Hampton Bays' central business district. The park will include a concert venue, village green, children's play area, trails, bocce courts and a parking area, and is the key element in an ongoing downtown revitalization effort.	Parks PA	\$128,519
			Long Island Region Total:		\$4,128,519
Statewide Total for parks and trails:				\$24,414,818.00
