MAKE A DONATION | FEBRUARY 2015 | BECOME A MEMBER

Dear Friend -

February is budget season in Albany. We always hit the ground running this time of year to make sure we are fulfilling our promise to be your voice for parks and trails in the state capital. And this year we have more reasons than ever to speak out for these treasured outdoor spaces.

The Governor's proposed budget includes a continuation of his historic commitment to state parks - \$110 million for infrastructure, health, and safety needs and a new grants program for Friends groups that support and strengthen state parks and historic sites.

PTNY fought hard for the inclusion in the Executive Budget of this grants program, which will unlock the potential of Friends groups to be even stronger stewards of New York's magnificent parks and historic sites. Now, we're looking to you to help make sure the grants program is included in the final state budget. See how you can help below.

If we all unite our voices in support of parks and trails we can't help but win!

Best,

A handwritten signature in cursive script that reads "Robin".

Robin Dropkin
Executive Director

Historic Budget Proposal for Parks

Governor Cuomo's 2015-2016 Executive Budget proposal includes great news for state parks and historic sites, and for Friends groups, including \$500,000 for a new capacity-building grants program for state park and historic site Friends groups. We need your help to secure this critical funding for parks and Friends groups.
