

**To be completed by Park/Historic Site Manager and provided to applicant.
Applicant submits with application.**

PARKS AND TRAILS NY

STEWARDSHIP AND PUBLIC ACCESS CAPACTIY (SPAC) GRANTS

CERTIFICATION FOR COMPLIANCE WITH SECTION 14.09 OF THE
NEW YORK STATE PARKS, RECREATION AND HISTORIC PRESERVATION LAW

This form must be submitted, along with the initial grant application materials, for any project that includes site work, construction of new buildings or structures, or repairs or alterations to existing buildings or structures. Failure to submit this certification will result in the project being determined ineligible for funding.

The undersigned hereby certifies that he/she has read and understands the procedures and requirements prescribed within the "Intra-Agency Protocol for the Application of Section 14.09 of the NYS Parks, Recreation and Historic Preservation Law" (Agency Directive HP-PCD-002*) and that the proposed project conforms to one of the following conditions (**check only one**):

_____ All existing buildings/structures located within the project area were constructed within the last 50 years (i.e.: are *less* than 50 years old).

_____ All existing building/structures located within the project area have been determined ineligible for listing in the State and/or National Register of Historic Places. Attach a copy of the resource evaluation.

_____ The proposed project is limited in its entirety to those work items that are listed in Appendix A of Agency Directive HP-PCD-002. (Note: several work items listed in Appendix A do not apply to properties that are designated as State Historic Sites or State Historic Parks.)

_____ Consultation with the Division for Historic Preservation has been initiated or concluded. Attach a copy of any relevant correspondence or effect finding letter issued by the DHP.
