

2026 Empire State Trail Town Program Application

Parks & Trails New York

Instructions

About the Empire State Trail Town program

The [Empire State Trail Town program](#) is an official designation available through a competitive application and certification process, with technical assistance provided by Parks & Trails New York, sponsored by the NYS Canal Corporation.

Selected communities will participate in a ten-month program as a “provisional trail town” to develop a network of partners committed to the Trail Town initiative, conduct research and assessment, develop promotional resources and strategies, and create and adopt an action agenda to guide future Trail Town work, all aimed at maximizing the economic benefits of being located close to the trail.

Please review the 2026 Empire State Trail Town Handbook available for download on the program website at ptny.org/empire-state-trail-towns prior to filling out the application for a detailed description of the program components, objectives and timeline.

Eligibility & Application Information

Eligible applicants include cities, villages or towns located directly on or in close proximity to the Erie or Champlain Canalway Trail. For both **cities larger than 25,000 people** and **towns of any population**, a proposed Trail Town sub-area should be identified as the focus area for the program. The purpose of this sub-area is to focus the program on a neighborhood or neighborhoods within a city or a hamlet or urbanized area within a town that cyclists traveling on the trail would be most likely to interact with.

Municipalities must demonstrate support for the application in the form of a municipal resolution (preferred) or a letter on official letterhead from the mayor or supervisor. Applicants must also demonstrate that they have the support of at least one community partner (non-profit or other community organization) willing to commit time and resources to the Trail Town planning process.

An informational webinar will be held on **Thursday, December 11 at 10:00am**. The session will provide an overview of the program and application process, as well as provide an opportunity for Q&A. The recording will also be posted on the program webpage at ptny.org/empire-state-trail-towns

Deadline: Monday, February 16 at 11:59PM.

Evaluation

PTNY will evaluate all submissions based on the extent to which they meet the Trail Town criteria, as well as the demonstrated commitment and capacity the community has to participate fully in the program. PTNY expects to select up to three communities or applications for participation in the 2026 Empire State Trail Town program. Applicants that don't yet meet all the criteria are still encouraged to apply.

Applicant Information

Trail Town Applicant*

Community name

Character Limit: 100

Municipal Representative Contact Information

PTNY requires that the Empire State Trail Town application be spearheaded by a representative of the community's municipality. In the past, the lead applicant has usually been part of the planning or economic development department, but in smaller communities, it may be the mayor, village manager, or some other position. This person will be assumed to be PTNY's primary contact with the municipality.

Evidence of Municipal Support*

Attach a municipal resolution (*preferred*) or a letter on official letterhead from the mayor or supervisor in support of the application. In the case of a group application, attach a combined PDF containing all the resolutions/letters from each participating municipality. A sample resolution and a sample letter of support are both available for download.

File Size Limit: 5 MB

Supporting Community Organization

At least one community partner (non-profit or other community organization) must commit to investing time and resources into advancing the Trail Town initiative. Partner organizations in the past have included bicycle/pedestrian advocacy groups, Main Street Associations, and Friends groups of local parks or trails, but this list is not restrictive. PTNY requires letters or emails indicating support and commitment from any such partners. The community organization representative listed here will be assumed to be PTNY's primary contact with the organization.

Other Supporting Organizations

If there are other community organizations who support the application and have provided letters of support, please list them here.

Character Limit: 2000

Letter(s) of Support*

Attach the letter of support from the community organization. If there are multiple supporting organizations, please attach a combined PDF of all letters of support. In the letter, please include the mission of the organization and how the organization will support the effort during the Trail Town process.

File Size Limit: 5 MB

Proposed Trail Town Steering Committee*

Provide a proposed Trail Town steering committee, including the names of potential committee members, along with their emails, and the organization, if any, that each member represents. Please ensure that you have spoken with any potential steering committee members before listing them on the application. This list is not intended to be binding or restrictive, but rather is intended to give an idea of who may be involved going forward.

Character Limit: 1000

Empire State Trail Town Criteria

These questions are designed to ensure that the community meets the baseline needs of trail users, and is set up to become an Empire State Trail Town. If your community does not meet the criteria for whatever reason, please describe any active efforts or alternatives that may be present in the community.

Note that this portion of the application is not intended to be a comprehensive list of assets present in the community (as that will be completed by the selected communities as part of the Trail Town Self-Assessment). Rather, the application should demonstrate what assets, attractions, or other factors make the community well-suited and/or unique for selection as an Empire State Trail Town.

Community Location*

Is the community located directly on or near the Erie or Champlain Canalway Trail? (*The community must be within three miles of a trail access point, and preferably accessible via an off-road connector or on low-traffic roads.*)
